

# PRESCRIPTIONS

## Prescriptions are available on request from Cinque Ports Vets for patients under our care.

Prescription Only Medicines, Category V (POM-Vs) can be obtained from your vet, or you can request a written prescription and obtain the medicines from another veterinary surgeon or pharmacy.

The cost for a written prescription is £18.00 for the first item and £12.50 for any additional items. However, we do advise a written prescription may not be appropriate either if your pet is in the hospital, or if it could delay treatment in certain cases.

The general policy for any repeat medication is to re-assess a pet every 3-6 months. However, this may vary depending on the nature of the condition, and the medication prescribed. The standard charge for a medication review is £36.00.

For more information on the price of any of our medications, please speak to our team members. We ask all clients to allow 24 hours' notice for all prescription requests.

We also offer online ordering for prescriptions, flea and worming products, and food on our website: [www.cinqueportsvets.co.uk/medication-supplies-request/](http://www.cinqueportsvets.co.uk/medication-supplies-request/)
